Implementation of Iran national civil aviation security programme

For implementation of national civil aviation security programme with objective of promotion in aviation security activities, from 21 APR 2014, all airlines (domestic and foreign) in the sovereignty of I.R of IRAN shall accomplish items 1-8 as follow.

It is obvious that delegation of providing and implementing of these matters to the ground handlers entities; do not preclude the responsibility of mentioned airlines regarding their security measures.

So, all airlines must meet requirements with the main titles below, in accordance with IATA SGHA, to ensure their performance accuracy in the field of aviation security.

1. Control of access to aircraft
2. Searching, guarding and sealing of aircraft and baggage in the make-up area
3. Security personnel to safeguard all loads:
 - a- During the transport between aircraft and designated locations,
 - b- During off-loading and loading of aircraft.
4. Catering:
 - a- security supervision during food preparation,
 - b- security check of catering uplifts,
 - c- Sealing of food and/or bar trolleys/containers (if provide by Iranian supplier).
5. Identification of passengers prior to boarding
6. Reconciliation of boarded passengers with their baggage
7. Positive baggage identification by passengers
8. Off loading of baggage for passengers who fail to board the aircraft.
